Neurology Clinic: 3rd Floor of Outpatient Pavilion

Dear Parent/Guardian,

We look forward to meeting you and evaluating your child. Enclosed are Medical Screening forms as well as a map on how to get to the new Children's Hospital. For your convenience, we have enclosed instructions and other information that will assist you in preparing for your visit. If you have any further questions after reading this packet, please feel free to contact us at 720-777-6895 or 1-800-624-6553 ext. 6895

Neurology Model of Care

The Division of Neurology functions under a care team model. Our goal is to provide you the very best in quality comprehensive neurology services. Our team of clinicians includes neurologists, nurse practitioners, physician assistants, residents, fellows, neuropsychologists, neuropsychology technicians, registered nurses, medical assistants and EEG technologists. During your child's initial visit your child will be evaluated by a neurologist. Also joining that appointment may be one of our nurse practitioners, physician assistants or residents. We are a teaching institution; therefore we frequently have students join the visit as well. Our nurse practitioners and physician assistants can manage follow-up care independently, write orders and prescribe medications. If your child will need to return for follow-up visits those appointments may be scheduled with the physician or with one of the nurse practitioners, physician assistants or residents. If you would like to assure that the neurologist is available to join a specific visit then please specify this need when the appointment is scheduled. Identify the requested physician by name so that your child's appointment can be scheduled on a day when that physician will be in the clinic.

When arriving for an appointment: Try to arrive 10-15 minutes earlier than your scheduled appointment to ensure plenty of time to get a photo ID badge upon entry and to complete the check-in process. If you need to cancel or reschedule your child's appointment, please notify us more than 24 hours in advance. If you are going to be late, please notify the clinic by calling 720-777-6895 and pressing Option #1. If you are more than 20 minutes late, your child's

appointment time may not be honored and rescheduling the appointment may be necessary.

All visitors to The Children's Hospital are required to wear photo identification for the safety of our patients, families and staff. Every family that comes to the new hospital will be greeted by one of our Visitor Access staff members at the main information desk or the Outpatient Pavilion desk. After supplying a driver's license or other photo ID, you will be given a self-stick badge to wear while you are in the hospital. Your parking or valet ticket will also be validated at this time. When possible, the parents or visitor will then be escorted to the clinic by one of our staff or volunteers.

The clinic is located on the 3rd Floor of the Outpatient Pavilion. The elevators for the Outpatient Pavilion are to the right (east) of the information desk. Please check-in at the front desk to complete any necessary paperwork before your visit.

Forms to complete prior to your appointment:

Patient History Form: (attached) This form reviews the history of your child's health and development and is an aid to our neurologists. Please complete the form prior to your child's scheduled appointment and bring it with you.

Consent for Care: If a parent or legal guardian is not bringing the patient to their appointment or if the patient is a ward of the state, there must be a signed written agreement stating that the person accompanying the patient has permission to do so.

When you come to your appointment: Minors (any patient under the age of 18) should be accompanied by a legal guardian. Please bring medical records, test results, imaging studies (such as head CT or brain MRIs) on a disc, school records, or any other documentation that may provide more information to the patient's history. You may also fax these documents prior to the appointment to 720-777-7285, but please bring the imaging studies along with you for our review. You must request the imaging studies from the facility where they were performed. Please bring your insurance card to the appointment. If a co-pay is required, this will be collected at the time of check-in.

Directions to The Children's Hospital

The *new* Children's Hospital is located near the intersection of I-225 and East Colfax Avenue, about eight miles east of the old hospital. The street address is 13123 East 16th Avenue, Aurora, CO 80045.

The Children's Hospital Concierge Desk can help you find area restaurants, services, or anything else that will reduce stress, ease your burden or make your time at the hospital more productive. Stop by our desk on the first floor of the 'The Link' between the hospital and Administrative Pavilion, call 720- 777-8029 or e-mail concierge@tchden.org for more information.

Family Services

Creative Play Center for Siblings

The Creative Play Center is staffed by a supervisor and trained volunteers and offers a free and safe play area for patients' brothers and sisters who are well. The Creative Play Center is located on the first floor, just off the west end of the 24/7 Fresh Marketplace. The center is available on a first-come, first-served basis for children up to 8 years old. Please call 720- 777-1234 for more information. Hours of operation are Monday–Friday: 9:00 a.m.–noon; 1-4 p.m.; 5:00–8:00 p.m. Saturday and Sunday: 10 a.m.–noon; 1–4 p.m.

Family Health Library

The Children's Hospital health library is a fantastic resource for you to learn more about your child's condition, information on parenting and resources available in the community. Recreational reading for all ages and audio books are also available. The library is located on the 1st floor near the end of Boettcher Atrium.

Dining at The Children's Hospital

Fresh Marketplace: Located on the first floor, the fun, bright environment of the Fresh Marketplace is a social place designed for patients, families, visitors and staff. You can choose from a variety of healthy and kid-friendly food at different stations. Options include:

- Authentic, wood-fired pizza
- Hot, homemade soup
- Pasta made with fresh ingredients
- Deli sandwiches made to order
- Create-your-own salads

Espresso and Gelato Bar

Vending Machines are located next to the Fresh Marketplace and on each patient floor near the elevators

The enclosed information and more is also available on our website at www.thechildrenshospital.org
