Mindful Pediatrics is the general pediatric office of Roy Steinbock MD, a board certified and holistic pediatrician, seeing children from birth through adolescence for all their wellness care, sicknesses and general health guidance.

At Mindful Pediatrics, I have created a practice that promotes the highest quality of care in a supportive and nurturing environment. I practice evidence-based western medicine with a holistic approach. I believe that each child is unique and deserves to be understood from a biological, psychological, spiritual and social perspective. Using my knowledge of general Pediatrics, nutrition, mindfulness, and holistic medicine, I guide my patients and their families in both well care and illness. From nutrition to exercise, mind-body, homeopathy, herbs and

pharmaceutical medications, I use the most appropriate and mildest combination to achieve the best outcome. Taking the time to gain this greater understanding is the key to an accurate diagnosis and treatment.

Because Mindful Pediatrics is a fee for service practice (we do not accept insurance) visits last as long as they need to. To get to know each other on a deeper and more meaningful level a typical well visit may last an hour. Only one patient is scheduled at a time, and the number of families in the practice is limited to ensure virtually no wait times and excellent availability. The entire experience is designed to honor and respect the needs of the child and family.

Mindful Pediatrics is looking for a **part-time Pediatrician, Nurse Practitioner or Physician's Assistant** to join our team.

- Part time (2 days per week) and grow towards a full time position (3.5 to 4 days per week).
- We are looking for a trustworthy, kind and compassionate, confident, self-motivated and driven provider who has an amazing attention to detail and memory.
- Holistic training is a definite plus, but otherwise looking for someone with a readiness to learn and grow.
- As a holistic physician I strive to maintain balance and an excellent quality of life. I have created a practice that has attracted amazing families who seek the same. Work is fun, reasonably paced, satisfying and engaging.
