Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

Applicants must be doctoral candidates who are enrolled in an APA or CPA accredited PhD or PsyD program in Clinical, Counseling, or School Psychology. Candidates are expected to have had sufficient training and experience in Child Clinical Psychology to be able to gain maximum benefit from the experiences offered.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours	N	Y	Amount: 700 combined with assessment
Total Direct Contact Assessment Hours	N	Y	Amount: 700 combined with intervention

Describe any other required minimum criteria used to screen applicants:

Prior to application all applicants are expected to have completed the following training experiences:

- Accepted into doctoral candidacy and completed dissertation proposal approval process.
- Completed at least three years of practicum/field placement or work experience, which includes a minimum of 700-hours direct clinical assessment and intervention hours combined (preference given to applicants with youth 0-18 years old and families).
- Completed at least five child and/or adolescent integrated psychological testing reports.

By the beginning of the internship year, the intern is expected to:

- Have a good working knowledge of test administration, scoring, and interpretation with cognitive and achievement assessments, Executive Functioning Scales, Behavior Rating Scales, and objective personality/psychopathology measures
- Possess an understanding of child and personality development.
- Have a good working knowledge of current psychiatric diagnoses.
- Have practicum or work experience providing individual, family, and group therapy operating from a variety of evidence based approaches.
