

Psychology Externship Training Program

Child Clinical Psychology Rotation

2021-2022

Children's Hospital Colorado offers a psychology externship training program in Child Clinical Psychology. Clinical responsibilities include 5 therapy appointments per week, 1 diagnostic intake evaluation every 2-3 weeks, and 1 group therapy training experience. Child clinical externs also complete 3, 4-month subspecialty rotations in various settings in the hospital; opportunities vary each year, but options include training on higher levels of psychiatric care, medical inpatient units, and outpatient medical clinics. Externs have 2-3 hours of weekly individual and group supervision and 1 hour of weekly didactics. Weekly didactic training includes relevant topics in child clinical and pediatric psychology assessment and treatment. We seek diversity (broadly defined) in our externship training cohort, and the training program is committed to providing training experiences with diverse patient populations. We encourage inquiries and applications from all qualified individuals, please see requirements below.

Number of Positions: 6

Time Commitment: 20 hours per week (2, 10-hour days)

- Required - Mondays: 10am-8pm
- Choice - Tuesdays, Wednesdays, Thursdays, or Fridays: 8am-6pm

Dates: June 21, 2021 - June 17, 2022

*Please note: MANDATORY ORIENTATION is held during the first two weeks of the externship. Block your schedule accordingly, making arrangements with your academic program and personal calendar.

Requirements:

- be enrolled in at least the 3rd year of an APA-accredited Doctoral Program in Clinical, Counseling, Clinical Health, or School Psychology (must be at least a 2nd year at the time of application)
- have completed coursework in child and/or adolescent assessment and treatment
- have experience with child and/or adolescent assessment and treatment
- have proof of malpractice coverage: must be provided by the extern's training institution or by the extern prior to the start date
- be available to start the externship on June 21, 2021 and the following two weeks for MANDATORY ORIENTATION
- have completed the attestation form with signature

**Those applicants selected for externship will be subject to drug screening and criminal background checks. Unacceptable results on the criminal background check or drug screening will result in dismissal from the program.

APPLICATION PROCEDURES

A completed application consists of the following materials:

1. Cover Letter
2. Curriculum Vitae
3. 2 letters of recommendation
4. Attestation of Professional Conduct

Emailed by February 1, 2021 at 5pm to the following:

1. Dianna Torgerson, Operations Coordinator, Psychology Training Program
Email: Dianna.Torgerson@childrenscolorado.org

Recruitment Timeline

February 1, 2021 @ 5pm:	Application deadline
February 9 - 24, 2021:	Interviews scheduled
March 1 - 5, 2021:	Positions offered, prompt confirmation of acceptance/declination requested

Supervision

The goal of supervision is to support the extern during exposure to new patient populations, assessment tools and intervention strategies, and to build feelings of competence and functional autonomy in areas of strength. Externs have 2-3 hours of weekly individual and group supervision. Additional supervision and consultation will be provided as needed. In addition, Spanish speaking externs are provided with Spanish supervision.

DUTIES OF PSYCHOLOGY TRAINEES

Psychology externs provide direct clinical care to children, adolescents, and families under the supervision of a licensed psychologist. Externs are expected to work part-time at twenty hours per week in order to gain both a range and depth of experiences. Expectations include conducting one intake evaluation every 2-3 weeks, carrying a caseload of 5 weekly outpatients, co-facilitation of group therapy, and rotating through subspecialty locations throughout the hospital. Externs are required to be at CHCO on Mondays from 10am-8pm for didactic training, supervision, and to provide after school hours for therapy appointments. The second day on campus is for the extern to choose; however, a consistent second day on campus throughout the training commitment is preferred for continuity of training experiences. These duties are subject to change to meet the needs of the department and as training opportunities arise. Externs document all clinical contacts in the electronic medical record within 24 hours of contact, and their notes are co-signed by their supervisor. Externs must complete all hospital required background checks, training, and orientation activities.

Externship Components

Externs are exposed to a variety of treatment approaches, interventions, and modalities through instruction and observation to augment their previous clinical experiences. These training experiences are organized to provide direct clinical, assessment, and consultation experiences in child clinical and pediatric psychology.

1. Case and electronic medical record review
2. Initial intake assessment
3. Outpatient child, adolescent, or family psychotherapy and group therapy
4. Consultation to various areas throughout the hospital
5. Communication of data and recommendations for continued care or treatment
6. Didactics: lectures and exposure to issues relevant to clinical and pediatric psychology

Services provided

This externship placement provides students with the opportunity to work in a regionally and nationally prominent pediatric health care facility affiliated with the Anschutz Medical Campus and the Division of Child and Adolescent Psychiatry.

Type of clients served on this externship

Children and adolescents, ages 3-18, and their families served in Children's Hospital Colorado Department of Psychiatry and Behavioral Science. Patients are representative of the Denver Metropolitan Area related to diversity.
