

Rotation Name	Staff Relief	DI Code	R11
Concentration	<input type="checkbox"/> Pediatrics <input type="checkbox"/> Adult	<input checked="" type="checkbox"/> Both	
Required Rotation Time	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No		
Time	3 Weeks		
Primary Preceptor*	TBD	CDR #	Click here to enter text.
Secondary Preceptor		CDR #	Click here to enter text.

* Primary Preceptor must be a Registered Dietitian.

Objectives:

1. Work in a collaborative relationship with a group of medical professionals in the nutrition care of patients.
2. Independently utilize resources to appropriately provide nutrition care (assessment, intervention and monitoring) for patients.
3. Independently provide appropriate nutrition recommendations within a multidisciplinary team setting for optimal care of patients.

Pre-Rotation Assignment:

Student Instructions: None.

Assessment: Preceptor(s) will review the pre-rotation assignment at the beginning of the rotation.

Preceptor is responsible for feedback to intern.

Rotation Checklist:

- Intern will complete minimum 1 initial patient assessment per day with no preceptor assistance. CRD 1.4, 2.1, 2.6, 3.1, 3.1a-e, 4.5, 4.11
- Intern will attend and participate in multidisciplinary care rounds or meetings as appropriate for the patients under his or her care. CRD 2.10, 2.11, 2.13
- Intern will provide at minimum 3 full patient education activities with no preceptor assistance. CRD 1.3, 2.13, 4.11
- Intern will critically evaluate one process or quality measure and recommend an improvement to optimize patient care, improve processes or increase fiscal responsibility in the area of practice. CRD 1.3, 2.10, 4.4

At the successful completion of this rotation, the intern will be able to:

1. Justify programs, products, services and care using appropriate evidence or data. CRD 1.3
2. Evaluate emerging research for application in dietetics practice. CRD 1.4
3. Practice in compliance with current federal regulations and state statutes and rules, as applicable and in accordance with accreditation standards and the Scope of Dietetics Practice and Code of Ethics for the Profession of Dietetics. CRD 2.1
4. Assign appropriate patient care activities to DTRs and/or support personnel as appropriate. CRD 2.6
5. Establish collaborative relationships with other health professionals and support personnel to deliver effective nutrition services. CRD 2.10
6. Demonstrate professional attributes within various organizational cultures. CRD 2.11
7. Demonstrate negotiation skills. CRD 2.13

This rotation addresses the following DI Competencies per ACEND DI Standards 2012: CRD 1.3, CRD 1.4, CRD 2.1, CRD 2.6, CRD 2.10, CRD 2.11, CRD 2.13, CRD 3.1.a-e, CRD 4.4, CRD 4.5, CRD 4.11

This rotation addresses the following DI Concentration Competencies: S1.1, S1.2, S2.1, S2.2

8. Perform the Nutrition Care Process (a through e below) and use standardized nutrition language for individuals, groups and populations of differing ages and health status, in a variety of settings. CRD 3.1
9. Assess the nutritional status of individuals, groups and populations in a variety of settings where nutrition care is or can be delivered. CRD 3.1a
10. Diagnose nutrition problems and create problem, etiology, signs and symptoms (PES) statements. CRD 3.1b
11. Plan and implement nutrition interventions to include prioritizing the nutrition diagnosis, formulating a nutrition prescription, establishing goals and selecting and managing intervention. CRD 3.1c
12. Monitor and evaluate problems, etiologies, signs, symptoms and the impact of interventions on the nutrition diagnosis. CRD 3.1d
13. Complete documentation that follows professional guidelines, guidelines required by health care systems and guidelines required by the practice setting. CRD 3.1e
14. Conduct clinical and customer service quality management activities. CRD 4.4
15. Use current informatics technology to develop, store, retrieve and disseminate information and data. CRD 4.5
16. Participate in coding and billing of dietetics/nutrition services to obtain reimbursement for services from public or private insurers. CRD 4.11
17. Demonstrate thorough nutritional assessment of children and adolescents with chronic disease, growth faltering, micronutrient deficiencies, pediatric overweight and obesity, critically ill neonates and critically ill infants and children through independent assessment, case studies and presentations. S1.1
18. Develop effective strategies for monitoring and evaluating problems, etiologies, signs, symptoms and the impact of interventions on the nutrition diagnosis of children and adolescents with chronic disease, growth faltering, micronutrient deficiencies, pediatric overweight and obesity, critically ill neonates and critically ill infants and children. S1.2
19. Demonstrate thorough nutritional assessment of adults undergoing solid organ transplantation and acutely ill adults in advanced critical care areas including burn and neurosurgical intensive care. S2.1
20. Develop effective strategies for monitoring and evaluating problems, etiologies, signs, symptoms and the impact of interventions on the nutrition diagnosis of adults undergoing solid organ transplantation and acutely ill adults in advanced critical care areas including burn and neurosurgical intensive care. S2.2

Preceptor is responsible for completing intern assessment form for this rotation.

The electronic rotation assessment form is located at the following address: <http://j.mp/LIP49C>

This rotation addresses the following DI Competencies per ACEND DI Standards 2012: CRD 1.3, CRD 1.4, CRD 2.1, CRD 2.6, CRD 2.10, CRD 2.11, CRD 2.13, CRD 3.1.a-e, CRD 4.4, CRD 4.5, CRD 4.11
This rotation addresses the following DI Concentration Competencies: S1.1, S1.2, S2.1, S2.2
