COMMUNITY ORGANIZATIONS AND INVOLVEMENT

Children’s Hospital Colorado Sports Program (HSP)
HSP offers year-round programs for kids, teens and young adults with physical disabilities. The main component to HSP is their ski program, which takes place at Winter Park Ski Resort. Participants meet at various locations to get on the ski bus and go up for a day of skiing with their trained, volunteer instructor. Participants learn to ski, meet others, build confidence, and have fun on the mountain. Other programs that are offered through HSP are golfing, fishing, biking, tennis, and much more. See website or call for more information.

Adaptive Action Sports
Adaptive Action Sports provides youth, young adults, and wounded veterans living with permanent physical disabilities, TBI and PTSD the opportunity to learn and be involved in skateboarding, snowboarding, and other action sports. They offer a variety of camps throughout the year for people to get involved in. Partial Scholarships are available to help with expenses if needed. See website for more information.
Amputee Coalition
The Amputee Coalition’s mission is “To reach out to and empower people affected by limb loss to achieve their full potential through education, support and advocacy and to promote limb loss prevention.” It is a great resource to get involved in the amputee community, meet others going through the same thing, and gain more information about living with an amputation.

Challenged Athlete Foundation
CAF is an organization that helps make opportunities for people living with a physical disability. They “provide opportunities and support to people with physical disabilities so they can pursue active lifestyles through physical fitness and competitive athletics.” Their vision and goal is to increase self esteem, independence and quality of life. They offer a variety of programs that will fit your needs.

Website: http://www.challengedathletes.org

Colorado Adaptive Sports Foundation
Colorado Adaptive Sports Foundation offers programs for all ages with physical disabilities to get involved in a team sport and competition while building self confidence, independence and meeting other people. Programs offered are sled hockey, wheelchair basketball, wheelchair softball, quad rugby, and wheelchair tennis.
