2017 Continuing Education Calendar
For Healthcare Professionals

Children's Hospital
Colorado
Ongoing Educational Programs

Continuing Medical Education (CME) Regularly Scheduled Series (RSS) (CME Credit)

These CME Series discuss current research, new therapies, challenging cases and implications related to current and future practice.

Some of the CME RSSs are video conferenced. It is important to be added to department specific contact lists to receive the RSS schedule, inquire about video conference capabilities and receive related updates. For additional information, contact alexandria.wilkinson@childrenscolorado.org.

• Cardiac ECHO
• Clinical Genetics and Metabolism Grand Rounds
• Colorado Institute for Maternal & Fetal Health (CIMFH) Grand Rounds
• Community Physician Lecture Series
• Heart Institute Lecture Series
• Neonatal Noon Conference
• Nursing Grand Rounds
• Obesity Lecture Series
• Pediatric Grand Rounds
• Pediatric Mental Health Institute Grand Rounds
• Trauma Lecture Series (and Trauma credit)

Colorado Children’s Immunization Coalition (CCIC) Education Series

Various dates and locations • Colorado (CME and CNE credit)

CCIC is dedicated to keeping Colorado kids healthy by building awareness for vaccines, educating healthcare providers and advocating for policies that protect children with the goal of increasing childhood vaccination rates. Educational sessions focus on immunization hot topics and best practices, updates on vaccine preventable diseases, immunization policy, vaccine safety, new vaccine research and communicating about vaccines with parents and the public. CCIC will also host a Regional Immunization Summit in Colorado Springs on May 19 (see the month of May below for more information).

Emergency and Trauma Outreach Symposia

Dates TBD • Grand Junction, CO • Summit County, CO
Billings, MT • Rapid City, SD

(CME, CNE, EMS and Trauma credit)

These symposia offer physicians, nurses, pre-hospital providers and other healthcare team members the latest guidelines for pediatric practice through patient-centered presentations and hands-on skills training. Our team takes experts from Children’s Hospital Colorado on the road to provide the latest evidence-based information to healthcare providers throughout the region.

For Further Information

Most conference brochures will be available two-four months before the event at childrenscolorado.org/ce.

Please contact Children’s Colorado at ce@childrenscolorado.org or 720-777-5004 for questions.
January

Fetal Echo Preceptorship Program
January 7-11 • Beaver Creek, CO (CME credit)

This course is specific to women and neonatal intensive care nurses and other interested staff that care for children with conditions affecting the brain, spine and peripheral nervous system. It will provide clinical updates and current management strategies that have the potential to enhance the care of this growing, complex patient population.

Pediatric Emergency Medical Services Conference
January 26-27 • Aurora, CO (EMS credit satisfies national registry and state of Colorado recertification requirements)

This is the largest pediatric EMS conference in the region designed for EMS providers and others that care for children in an emergent setting. Children’s Hospital Colorado offers this conference to address a variety of pediatric urgent and emergency care issues and conditions.

February

3rd Annual Christopher Ward Neuroscience Nursing Conference
February 3 • Aurora, CO (CNE credit)

This program is designed specifically for nurses and other interested staff that care for children with complex neurologic conditions. The program will focus on current management strategies and strategies for enhancing care and improving outcomes for this patient population.

7th Annual Pediatric Advanced Practice Conference
February 6-7 • Aurora, CO (CME credit through Children's Hospital Colorado and CNE credit through University of Colorado College of Nursing)

This conference will focus on the latest developments in the field of pediatric advanced practice and provide nurses and other healthcare professionals with the opportunity to learn from nationally recognized experts.

March

Ethics, Innovation & Medical Technology: Reflections at the Leading Edge
March 3 • Aurora, CO (CME and CNE credit)

This Ethics Conference brings together patients, families, healthcare professionals, and medical researchers to explore ethical questions and tension in relation to innovation. Interdisciplinary presenters will guide discussion of the border between innovation and research throughout the history of medicine and emerging practices today. Facilitators will discuss ethical frameworks for new approaches in pediatric care, current medical and ethical challenges, and family experiences of ethical challenges in the care of critically ill infants and children.

Nursing Professional Development (NPD) Certification Preparation Course
March 29-30 • Aurora, CO (CNE credit through ANA/NPD)

This course is provided by the Association of Pediatric Nurse Professionals (APNA) and is jointy provided by APNA and Mountain Breeze Academy. This certification preparation course is intended to enable RNs to successfully complete the American Nurses Credentialing Center (ANCC) certification examination in pediatric nursing professional development. This course also enables nurse practitioners to develop foundational knowledge for the specialty practice.

April

10th Annual Reach the Peak Asthma Educator-Certified (AE-C) Prep Course
April 12-13 • Aurora, CO (CNE and CRCE credit)

The AE-C Prep Course is facilitated by leading experts in their field and includes lecture, case scenarios, hands-on device technique, simulation training and small group strategy for pediatric and adult practice improvement. This two-day comprehensive course will prepare participants to improve asthma care in their practice while equipping them to successfully complete the National Asthma Education and Prevention Program (NAEPP) AE-C exam.

62nd Workshop for the Surgical Treatment of Colorectal Problems in Children
April 12-14 • Aurora, CO (CME credit)

This course is designed for pediatric surgeons, oncologists, gynecologists, gastroenterologists and pediatric nurses managing patients with colorectal issues. Each day live operative case presentations will highlight the most important surgical and technical maneuvers to be performed during the repair of ano-rectal malformations and Hirschsprung's disease.

Children's Orthopedic Day
April 21 • Aurora, CO (CME credit)

This conference brings together distinguished visiting faculty within the field of orthopedics. The day is designed with lectures and research case presentations of interest to surgeons, researchers and other allied health professionals whose practice includes orthopedic disorders.

Colorado Chapter American Academy of Pediatrics Social Determinants of Health: What Can We Do?
April 22 • Colorado Springs, CO (CME credit)

Research shows that early childhood experiences influence a child’s long-term physical and mental health, cognitive development, and academic and social success. Presentations for pediatricians, family practitioners and other health professionals caring for infants, children and youth will provide communication strategies that promote resiliency for parents and children. This year's event features Robert Murray, MD from the Ohio Chapter AAP.

Annual Conference on Language and Learning
Positive Outcomes for Co-existing Oral and Written Disorders
April 28 • Aurora, CO (ASHA credit)

This workshop addresses the impact of co-existing conditions on reading success and effective structural literacy intervention strategies for children with dyslexia and specific learning disabilities in reading. Speech-language pathologists, learning specialists, special educators, psychologists and teachers will find the information and networking invaluable.

May

The Rosenberry Conference
Fostering Health and Well-Being: Supporting Transgender and Gender Non-conforming Children and Adolescents
May 5-5 • Aurora, CO (CME and LSWS credit)

The Rosenberry Conference is an annual event held in honor of Walter S. Rosenberry III and provides an opportunity to recognize and honor those individuals who have made significant contributions to the field of psychology and behavioral sciences.

9th Annual Gregor Stoddard Visiting Professorship in Neonatology
May 10-10 • Aurora, CO (CME and CNE credit)

This conference provides an opportunity for attendees to learn from renowned experts about current issues and implementation strategies to promote vaccination and enhance immunization delivery in Colorado. Tentative topics include vaccine hesitancy, HIV vaccination, maternal immunization, vaccine safety, updated ACIP vaccine recommendations, and Colorado immunization policy for the reporting of school and child care immunization data, as well as various Colorado initiatives to increase immunization uptake.

Regional Immunization Summit
May 19 • Colorado Springs, CO (CME and CNE credit)

This conference provides an opportunity for those involved in immunization delivery, education and advocacy to learn from renowned experts about current issues and implementation strategies to promote vaccination and enhance immunization delivery in Colorado. Tentative topics include vaccine hesitancy, HIV vaccination, maternal immunization, vaccine safety, updated ACIP vaccine recommendations, and Colorado immunization policy for the reporting of school and child care immunization data.

June

27th Annual Specialist Education in Extracorporeal Membrane Oxygenation (SEECMO) Conference
June 2-4 • Aurora, CO (CPCP, CME, CNE and CRCE credit)

This conference will feature nationally renowned faculty representing specialists in the fields of pediatric trauma, the pediatric intensive care unit and critical care, emergency medicine, and pre-hospital care.

38th Annual Perinatal Clinical Update
June 11-12 • Aurora, CO and Video Conference Sites (CNE and CRCE credit)

This conference features nationally renowned faculty representing specialists in the fields of perinatal care, including maternal-fetal medicine, neonatal resuscitation, and neonatal intensive care. The focus of this year’s conference is for participants to enhance their knowledge of high-risk obstetric patients and understand best practices in maternal-fetal medicine.

38th Annual Neonatal Advanced Practice Conference
June 8-9 • Aurora, CO and Video Conference Sites (CNE credit)

This conference is specifically for nurses and other interested staff that care for children in an emergent setting. Perinatal nurses, advanced practice providers, respiratory therapists, social workers and other healthcare team members working in perinatal care, OB, ICU, MOM/Baby and NICU environments will find this conference and networking opportunities invaluable.

Regional Immunization Summit
May 10 • Colorado Springs, CO (CME and CNE credit)

Fetal Echo Preceptorship Program
June 8-9 • Aurora, CO (CME credit)

This fetal echocardiography fellowship is comprised of lectures describing the evaluation of structural and functional cardiac anomalies and arrhythmias, demonstrations of scanning technique and interactive case studies.

39th Annual Perinatal Clinical Update
June 11-12 • Aurora, CO and Video Conference Sites (CNE and CRCE credit)

Fetal Echo Preceptorship Program
June 8-9 • Aurora, CO (CME credit)

This conference focuses on the latest developments in the field of fetal cardiology and provides an opportunity for participants to enhance their knowledge of high-risk pregnancies and understand best practices in fetal cardiology.

July

Western Pediatric Trauma Conference
July 14-14 • Santa Barbara, CA (CME, CNE, EMS and Trauma credit through Phoenix Children's Hospital)

This conference features nationally renowned faculty representing specialists in the fields of pediatric trauma, the pediatric surgical subspecialties, critical care, emergency medicine and pre-hospital care.

55th Annual Pediatric Infectious Diseases Conference
July 30-August 4 • Vail, CO (AAPP and CME credit)

This conference examines topics of interest to general pediatricians, family practitioners and infectious disease specialists. Speakers selected for their specialty interest, reputation, communication skills and enthusiasm will cover up-to-date information on pediatric infectious diseases.
August

3rd Annual Clinical Research Symposium
August 15 • Aurora, CO (CME and CNE credit)
The Research Symposium is designed as a hospital-wide research community to educate and engage those involved in research including investigators, junior investigators, investigators in training, clinical research nurses, research coordinators, research assistants and other interested staff. Attendees will share the resources provided by the Research Institute and its Partners to assist Investigator Teams in the execution of research protocols.

September

Colorado Chapter AAP Annual Conference
September 8 • Aurora, CO (CME credit)
This conference provides state-of-the-art reviews of selected topics in pediatrics for pediatricians, family medicine and other health professionals who care for infants, children and youth.

24th Annual Abby Stoddard Visiting Professorship in Pediatric Neurology
September 14-15 • Aurora, CO (CME credit)
Case discussions and presentations in pediatric neurology featuring recognized experts are incorporated in this two-day lecture series for all providers caring for the pediatric population with developmental delay and/or neurological conditions.

6th Annual Partners in Pediatric Surgical Care
September 20 • Aurora, CO (CME and CNE credit)
The Annual Partners in Pediatric Surgical Care presents and discusses complex surgical issues that can have profound outpatient ramifications for primary care providers and staff. This program is of interest to physicians, physician assistants, nurse practitioners, nurses and other health professionals working in inpatient and primary care settings.

Annual Pediatric Urology and Nephrology Care Conference
September 28-29 • Aurora, CO (CME and CNE credit)
Through lectures and clinical cases, this clinical update enhances the knowledge and skills necessary for primary care providers to care for patients with common pediatric urological and nephrological problems. Updated information is provided on the initial management and when specialized pediatric urological and nephrological care is needed.

9th Annual Nursing Research and Evidenced-Based Practice Poster Fair
September 27-28 • Aurora, CO (No CE credit)
Held in conjunction with the annual O’Neil Pediatric Clinical Update, this Poster Fair at Children’s Hospital Colorado, Anschutz Medical Campus, illustrates and celebrates Nursing’s “spirit of inquiry” related to evidenced-based practice, education, quality improvement and research.

26th Annual O’Neil Pediatric Clinical Update
September 27-29 • Aurora, CO (CME and Video Conference Sites (CNE credit))
This conference, held in conjunction with the Nursing Research and Evidenced-Based Practice Poster Fair, focuses on assessment and management of common pediatric conditions in hospital, ambulatory and community settings. Interprofessional participation is encouraged for RNs, advanced practice providers, child life specialists, therapists, unlicensed assistive personnel, social workers, EMS providers and others interested in improving the care of infants, children and youth. Participants will be able to enhance their knowledge of an integrated approach to pediatric care and provide one evidenced-based practice improvement to their leadership and clinical teams.

6th Annual Clinical Concepts and Conundrums in Pediatric Hospital Medicine
September 29 • Aurora, CO (CME and CNE credit)
This conference is designed for all healthcare professionals who participate in pediatric care and management. A case-based format will be used to review and discuss the clinical etiology, diagnosis and management of critically ill infants and children.

Pediatric Echo Review
September 29-October 1 • Aurora, CO (CME credit)
The focus of this review will be on how to image a neonate or pediatric patient in emergency situations. The segmental approach to congenital heart disease, tips and tricks for imaging the pediatric population, a review of common and unique pathologies, and supervised hands-on scanning of pediatric patients by attendees will be offered. Adult sonographers, cardiology fellows and sonographers wanting increased exposure to pediatric echocardiography are encouraged to participate.

October

Cystic Fibrosis Boot Camp Education Workshop
October 9 • Aurora, CO (CME, CRCE and RD/DTR credit)
This workshop is designed to further educate healthcare providers on common treatments and needs of patients with Cystic Fibrosis.

Burn Update
October 11 • Aurora, CO (CNE, EMS and Trauma credit)
Provided by Children’s Hospital Colorado and jointly provided by University of Colorado Health, Anschutz Medical Campus, this update is recommended for all health professionals who care for patients with burn-related injury.

End of Life Nursing Education Consortium: Pediatric Palliative Care
October 13-14 • Aurora, CO (CME credit)
ELNEC-Pediatric Palliative Care is comprised of ten modules that address different aspects of coping with a perinatal or pediatric terminal illness and the bereavement process. Attendees will be better prepared to provide evidenced-based care for families and emotional and spiritual support to caregivers and survivors. Those involved in education and/or caring for children and their families at the end-of-life are encouraged to attend. A train-the-trainer course is offered on October 13.

Preparation Course for the Pediatric Critical Care RN Certification Exam
October 12-13 • Aurora, CO (CNE credit)
This course, covering a broad area of practice based on the Synergy Model, is recommended for nurses practicing in pediatric intensive care and pediatric emergency care who desire to take the Pediatric Critical Care exam offered by the American Association of Critical Care Nurses (AACC). All materials and information required for participants to register and complete the examination will be provided, including test taking strategies and a study guide with practice questions. Nurses are expected to pass the examination.

40th Annual L. Joseph Butterfield Perinatal Conference
October 12-12 • Colorado Springs, CO (CNE and CRCE credit)
The dinner presentation and next day conference addresses topics pertinent to maternal/fetal, neonatal and follow-up care and provides a forum for discussion with perinatal nurses, advanced practice providers, physicians, respiratory therapists and other interested maternal-fetal and newborn health providers practicing in a variety of roles and settings throughout Colorado, Wyoming and the surrounding region. Attendees will be able to share knowledge and resources with colleagues, patients and families, and share one practice change in their work setting.

5th Annual William K. Frankenbuger Lectureship
October 20 • Aurora, CO (CME credit)
Recognized experts in the field of community-focused developmental and behavioral pediatric problems will lead this interactive conference that includes presentations and case discussions.

9th Annual Conference on Pediatric Acute Illness and Injury
October 25 • Aurora, CO (CME and CNE credit)
Education regarding state-of-the-art evaluation and treatment of acute medical and surgical conditions commonly encountered in the pediatric urgent care setting is provided. This program is of interest to physicians, physician assistants, nurse practitioners and other health professionals who manage acute illness and injury.

Hot Topics in Adolescent Medicine
October 27 • Aurora, CO (CME credit)
This conference is designed to current issues in adolescent care and is jointly provided by Rocky Mountain Society of Adolescent Health Medicine. Multi-disciplinary professionals caring for teens, including physicians, physician assistants, nurse practitioners, nurses, social workers, psychologists and other allied health professionals are invited.

November

6th Annual Update in Clinical Nutrition
November 3 • Aurora, CO (RD/DTR credit)
Uptodate clinical guidelines, best practice and evidence-based approaches to nutrition for both adults and children. The diverse lecturers give insight on topics with a multidisciplinary approach in mind.

Pediatric Infectious Diseases in Colorado: Update 2017
November 8 • Aurora, CO (CME and AAPFP credit)
This conference provides updates on pediatric infectious disease issues that have direct relevance to physicians, child health associates, physician assistants and nurse practitioners.

Colorado Pediatric Trauma Conference
November 15-16 • Aurora, CO (CME, CRCE, EMS and Trauma credit)
Providing education for state-of-the-art care of the pediatric trauma patient, this conference will be of interest to physicians, nurses, physician assistants, respiratory therapists, EMS providers and aeromedical personnel. Enhanced knowledge of pertinent clinical conditions through evidence-and-case-based presentations and identification of available resources for pediatric trauma care are expected outcomes.

4th Annual Advanced Care of the Young Athlete Symposium
November 17 • Aurora, CO (BDC and CME credit)
Focusing on the acute management of orthopedic conditions and sports related injuries, the goal of this conference is to enhance patient care, increase knowledge and improve skills of providers through lectures and hands-on workshops. Critical issues that face the primary care provider’s daily practice will be addressed.
