Advanced Pediatric Associates is seeking a full-time pediatric Nurse Practitioner or Physician Assistant who will be directly responsible for the evaluation, diagnosis and treatment of all conditions and illnesses related to the pediatric population. This position will work between our Aurora and Stapleton locations.

With over 45 years of experience, APA has taken special care to develop the services parents need in caring for their children as they grow. Our provider staff consists of physicians, nurse practitioners and physician assistants who specialize in providing pediatric care for children from infancy through adolescence. We strive to foster a caring partnership with families. Our goal is to provide a "medical home" to our patients, where families can expect compassionate and comprehensive pediatric care, convenient access to quality after-hours advice, and professional coordination of care between our providers and community specialists and services.

Our Nurse Line has set the gold standard for providing pediatric triage to families and has been recognized as a model for others in the local pediatric community. Advanced Pediatrics has been a leader in implementing an electronic medical records system (EMR). We value our patients' time and do our very best to minimize wait times. Our care coordinators utilize a sophisticated scheduling system that gives our providers the necessary time to see patients based on the patient's medical needs. In order to consistently provide the most advanced care to our patients, our clinical committee meets regularly to review the latest advancements in pediatric care. We highly value and support CME for our providers and staff. Our providers have a close relationship with specialists and staff at Children's Hospital Colorado and participate in the University of Colorado Health Sciences Center pediatric teaching program.

Mindful Pediatrics – Holistic Pediatrics Practice
75 Manhattan Drive
Boulder, CO 80303
Contact: Roy Steinbock MD FAAP
Phone: (303) 775-5283 or (303) 318-4102
Email: DrRoy@MindfulPediatrics.com

Mindful Pediatrics is the general pediatric office of Roy Steinbock MD, a board certified and holistic pediatrician, seeing children from birth through adolescence for all their wellness care, sicknesses and general health guidance.

At Mindful Pediatrics, I have created a practice that promotes the highest quality of care in a supportive and nurturing environment. I practice evidence-based western medicine with a holistic approach. I believe that each child is unique and deserves to be understood from a biological, psychological, spiritual and social perspective. Using my knowledge of general Pediatrics, nutrition, mindfulness, and holistic medicine, I guide my patients and their families in both well care and illness. From nutrition to exercise, mind-body, homeopathy, herbs and pharmaceutical medications, I use the most appropriate and mildest combination to achieve the best outcome. Taking the time to gain this greater understanding is the key to an accurate diagnosis and treatment.

Because Mindful Pediatrics is a fee for service practice (we do not accept insurance) visits last as long as they need to. To get to know each other on a deeper and more meaningful level a typical well visit may last an hour. Only one patient is scheduled at a time, and the number of families in the practice is limited.
to ensure virtually no wait times and excellent availability. The entire experience is designed to honor and respect the needs of the child and family.

Mindful Pediatrics is looking for a part-time Pediatrician, Nurse Practitioner or Physician’s Assistant to join our team.

- Part time (2 days per week) and grow towards a full time position (3.5 to 4 days per week).
- We are looking for a trustworthy, kind and compassionate, confident, self-motivated and driven provider who has an amazing attention to detail and memory.
- Holistic training is a definite plus, but otherwise looking for someone with a readiness to learn and grow.
- As a holistic physician I strive to maintain balance and an excellent quality of life. I have created a practice that has attracted amazing families who seek the same. Work is fun, reasonably paced, satisfying and engaging.
