Advanced Pediatric Associates is seeking a full-time pediatric Nurse Practitioner or Physician Assistant who will be directly responsible for the evaluation, diagnosis and treatment of all conditions and illnesses related to the pediatric population. This position will work between our Aurora and Stapleton locations.

With over 45 years of experience, APA has taken special care to develop the services parents need in caring for their children as they grow. Our provider staff consists of physicians, nurse practitioners and physician assistants who specialize in providing pediatric care for children from infancy through adolescence. We strive to foster a caring partnership with families. Our goal is to provide a "medical home" to our patients, where families can expect compassionate and comprehensive pediatric care, convenient access to quality after-hours advice, and professional coordination of care between our providers and community specialists and services.

Our Nurse Line has set the gold standard for providing pediatric triage to families and has been recognized as a model for others in the local pediatric community. Advanced Pediatrics has been a leader in implementing an electronic medical records system (EMR). We value our patients' time and do our very best to minimize wait times. Our care coordinators utilize a sophisticated scheduling system that gives our providers the necessary time to see patients based on the patient's medical needs. In order to consistently provide the most advanced care to our patients, our clinical committee meets regularly to review the latest advancements in pediatric care. We highly value and support CME for our providers and staff. Our providers have a close relationship with specialists and staff at Children's Hospital Colorado and participate in the University of Colorado Health Sciences Center pediatric teaching program.

**What Colorado has to offer:**
Colorado is an amazing place to live. The Centennial State is filled with beautiful scenery, with a variety of ecosystems, terrain, and lifestyles allowing unmatched outdoor recreation opportunities. With more sunshine (300+ days annually) and low humidity, Colorado is perfect for those who seek an active, outdoor lifestyle. Colorado is well-suited to enjoying almost any outdoor pursuit or sport year-round.

Colorado’s population skews young and well educated, and a great place to raise a family.

According to the U.S. Department of Health and Human Services Colorado is the 7th-healthiest state in the nation and providers of medical care in the country. The state ranked 3rd in the United States for overall well-being, ranking financial security, community relationships, social opportunities, physical health, and a sense of purpose as the top factors.

If that is not enough. Colorado has a number of wonderful wineries and more delicious craft beer than you could try in a lifetime.

*Interested candidates should submit current CV and letter of introduction through the email portal indicated above.*

Greenwood Pediatrics, a well-established (over 25 years), successful and respected pediatric practice in the Denver, CO area is seeking two advanced pediatric providers (physician assistant or nurse practitioner) to join us. Our practice is looking to hire a full time (4 full weekdays) and PRN provider to fill two open APP positions. Both positions require periodic Saturday and Sunday weekend coverage in the office. We are interested in highly qualified, motivated and compassionate individuals seeking to provide the best primary and preventive health care to a medically diverse outpatient pediatric population. We are a self-owned practice.
GWP has offices situated in Centennial, Littleton and Parker CO. One of the open positions would place an individual as a team provider paired with one of our physicians and the second position would be PRN with a guaranteed minimum of three daily shifts per week filling in at all three offices. Due to continued growth of the practice, the PRN position could evolve to a full-time position in the future.

GWP is comprised of 10 board certified pediatricians and 14 advanced pediatric providers (NP and PA) and growing. Our practice works within a team-based framework. Every family belongs to a team comprised of a pediatrician and advanced practice provider, and we make every attempt to achieve continuity by providing care within the team. This provides patients with a well-defined medical home and offers providers an opportunity to build deep relationships with their families. GWP prides itself on being a family-focused environment providing high quality care founded on evidence-based practice.

Compensation is salary plus bonus potential and will be discussed further during the in-person interview phase of our recruitment process.

Mindful Pediatrics – Holistic Pediatrics Practice
75 Manhattan Drive
Boulder, CO 80303
Contact: Roy Steinbock MD FAAP
Phone: (303) 775-5283 or (303) 318-4102
Email: DrRoy@MindfulPediatrics.com

Mindful Pediatrics is the general pediatric office of Roy Steinbock MD, a board certified and holistic pediatrician, seeing children from birth through adolescence for all their wellness care, sicknesses and general health guidance.
At Mindful Pediatrics, I have created a practice that promotes the highest quality of care in a supportive and nurturing environment. I practice evidence-based western medicine with a holistic approach. I believe that each child is unique and deserves to be understood from a biological, psychological, spiritual and social perspective. Using my knowledge of general Pediatrics, nutrition, mindfulness, and holistic medicine, I guide my patients and their families in both well care and illness. From nutrition to exercise, mind-body, homeopathy, herbs and pharmaceutical medications, I use the most appropriate and mildest combination to achieve the best outcome. Taking the time to gain this greater understanding is the key to an accurate diagnosis and treatment.

Because Mindful Pediatrics is a fee for service practice (we do not accept insurance) visits last as long as they need to. To get to know each other on a deeper and more meaningful level a typical well visit may last an hour. Only one patient is scheduled at a time, and the number of families in the practice is limited to ensure virtually no wait times and excellent availability. The entire experience is designed to honor and respect the needs of the child and family.

Mindful Pediatrics is looking for a part-time Pediatrician, Nurse Practitioner or Physician's Assistant to join our team.

- Part time (2 days per week) and grow towards a full time position (3.5 to 4 days per week).
- We are looking for a trustworthy, kind and compassionate, confident, self-motivated and driven provider who has an amazing attention to detail and memory.
- Holistic training is a definite plus, but otherwise looking for someone with a readiness to learn and grow.
- As a holistic physician I strive to maintain balance and an excellent quality of life. I have created a practice that has attracted amazing families who seek the same. Work is fun, reasonably paced, satisfying and engaging.

Looking for young energetic pediatrician to join as a partner in a well-established private practice. Start summer/fall 2019. Expected to see patients 4 days per week, on call every other weekend (triage performed by nurses in local Children Hospital). 50 year old small practice that knows its patients and their families. Enjoy sunshine 300 days a year and wealth of outdoor activities.

This is an ideal opportunity for a physician who desires to start his own practice, but hesitant to begin from scratch. Possible candidate must be willing to share office expenses, and will receive an existing patient population from the retired pediatrician. If interested, please email to Yelena Khayut M.D.
