Advanced Pediatric Associates, LLP

Advanced Pediatric Associates (APA) is currently looking for an enthusiastic and energetic Physician/Pediatrician to join our dynamic team. With offices in Aurora, Centennial, Parker and Stapleton, we have over 40 years of experience providing advanced pediatric care in the Denver metro area.

APA’s provider team, consisting of 15 physicians and 10 mid-level providers, has developed a model for pediatric care which combines the benefits and services of a larger group practice with the personalized care of a smaller physician office. Our patients and families can expect compassionate and comprehensive medical services within our offices Monday through Friday as well as Saturday mornings, convenient access to quality after-hours advice, in-hospital newborn care, and professional coordination of care between our providers and community specialists and services.

The practice utilizes the Epic EMR system and providers are supported by RN triage and a centralized call center. The practice promotes a healthy work/life balance with a focus on on-going clinical and administrative quality improvement. Our providers are dedicated to delivering cost-effective, quality of care that is accessible to all of our patients by applying AAP best practices as well as forming collaborative partnerships with Children’s Hospital. Our practice regularly achieves MGMA recognition as a "Better Performer" for customer satisfaction, financial performance and practice management. CVs can be e-mailed to HR@Advanced-Pediatrics.com or faxed to 720-974-7152.

Mindful Pediatrics – Holistic Pediatrics Practice
75 Manhattan Drive
Boulder, CO 80303
Contact: Roy Steinbock MD FAAP
Phone: (303) 775-5283 or (303) 318-4102
Email: DrRoy@MindfulPediatrics.com
Mindful Pediatrics is the general pediatric office of Roy Steinbock MD, a board certified and holistic pediatrician, seeing children from birth through adolescence for all their wellness care, sicknesses and general health guidance.

At Mindful Pediatrics, I have created a practice that promotes the highest quality of care in a supportive and nurturing environment. I practice evidence-based western medicine with a holistic approach. I believe that each child is unique and deserves to be understood from a biological, psychological, spiritual and social perspective. Using my knowledge of general Pediatrics, nutrition, mindfulness, and holistic medicine, I guide my patients and their families in both well care and illness. From nutrition to exercise, mind-body, homeopathy, herbs and pharmaceutical medications, I use the most appropriate and mildest combination to achieve the best outcome. Taking the time to gain this greater understanding is the key to an accurate diagnosis and treatment.

Because Mindful Pediatrics is a fee for service practice (we do not accept insurance) visits last as long as they need to. To get to know each other on a deeper and more meaningful level a typical well visit may last an hour. Only one patient is scheduled at a time, and the number of families in the practice is limited to ensure virtually no wait times and excellent availability. The entire experience is designed to honor and respect the needs of the child and family.

Mindful Pediatrics is looking for a part-time Pediatrician, Nurse Practitioner or Physician's Assistant to join our team.

- Part time (2 days per week) and grow towards a full time position (3.5 to 4 days per week).
- We are looking for a trustworthy, kind and compassionate, confident, self-motivated and driven provider who has an amazing attention to detail and memory.
- Holistic training is a definite plus, but otherwise looking for someone with a readiness to learn and grow.
- As a holistic physician I strive to maintain balance and an excellent quality of life. I have created a practice that has attracted amazing families who seek the same. Work is fun, reasonably paced, satisfying and engaging.
